Using Endnotes to Create Reference Citations

LTC Veronica A. Thurmond, RN, PhD

S

- Discuss types of citation managers
- Show different types of format citations
- Describe some functions of Endnotes
- Demonstrate entering a reference citation
- Demonstrate downloading references from the Internet

What is a Reference Manager?

- Structures references in the body of paper.
- Organizes references and bibliography at the end of the paper.
- Serves as repository for all references.
- Formats the body of the paper.

Citation Managers

ISI Research Soft

- Reference Manager
- Pro-Cite
- EndNote
